

This comment is regarding MY klove radio station.

1. I love my klove station! It's the ONLY station my husband, children & I listen to! It provides great comfort and ease to know there are no commercials! Also it is family friendly, no negative or off color comments made. I have been a prayer and financial supporter of My klove station for 6 years now and our family would be WITHOUT a radio station if you changed to a LPFM. I thought I had the RIGHT to have the radio station I want, if I provide the support for that station? Klove encourages me & my family EVERY DAY, my 5 year old and my three year old children sing and praise God because of klove, we would be lost without it! Please don't take away My klove station. Thank you, Tracey Andrews
